

ADITYA RAJ

Software Engineer

aditya.raj0543@gmail.com • +91 9263624857 • Greater Noida, India

PROFESSIONAL SUMMARY

Motivated and detail-oriented Software Engineering student with hands-on experience in Java, web development, and database management. Proven ability to build functional applications and deliver projects on time. Passionate about writing clean, efficient code and continuously learning new technologies. Eager to contribute technical skills and a collaborative mindset to real-world software development challenges.

TECHNICAL SKILLS

Languages: Java, C

Databases: SQL, MySQL

Web Technologies: HTML, CSS, JavaScript

Frameworks: Spring Boot

IDEs & Tools: VS Code, IntelliJ IDEA

WORK EXPERIENCE

AI-ML Virtual Internship | Google for Developers & AICTE

- Completed virtual internship focused on Artificial Intelligence and Machine Learning concepts.
- Worked on AI/ML fundamentals, data handling, and model-building techniques.
- Gained exposure to real-world applications of machine learning and problem-solving approaches.
- Strengthened understanding of industry tools and collaborative development practices.

PROJECTS

Real-Time Chat Application | Java, Spring Boot, WebSocket, MySQL

- Developed a real-time chat application enabling instant messaging between multiple users.
- Implemented WebSocket for live communication and Spring Boot for backend services.
- Integrated MySQL database for user authentication and message storage.
- Designed a responsive UI with secure login and real-time notifications.

Personal Portfolio Website | HTML, CSS, JavaScript

- Built a responsive personal portfolio website to showcase projects, skills, and certifications.
- Implemented modern UI design with smooth navigation and mobile responsiveness.
- Added contact section and interactive components using JavaScript.

Full Stack E-Commerce Application | Java, Spring Boot, MySQL, HTML, CSS, JavaScript

- Developed a full-stack e-commerce platform with product listing, cart, and user authentication features.
- Created REST APIs using Spring Boot and connected them with a MySQL database.
- Implemented frontend pages for product browsing, cart management, and order flow.
- Applied MVC architecture and clean coding practices for scalability and maintainability.

EDUCATION

Bachelor of Technology (B.Tech)

Galgotias University | Greater Noida, India

September 2023 – July 2027 (Expected)

CERTIFICATIONS

- Web Development Certification — IBM SkillsBuild (December 2023)
- Python Programming Certificate — GUVI (Google for Education Partner) (January 2024)
